**Allowance**

1. Claims 1-16, 18, and 22-31 are canceled.
  2. Claims 17, 19, 20 and 21 are allowed.
  3. The examiner's amendment below is only to clarify the complete listing of claims.
- No changes are made to the claim language.

**EXAMINER'S AMENDMENT**

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gerald Woods (24,144) on April 12, 2004.

The application has been amended as follows:

Please enter the attached Listing of Claims, which includes the complete listing of claims.

***Reasons for Allowance***

5. The following is an examiner's statement of reasons for allowance: The primary reason for allowance is the inclusion of the following limitations in each independent claim associated with a gateway component for managing pervasive devices and instantiated during synchronization of a workstation with a pervasive device:

"means for receiving a file from a management server including the address of a specific pervasive device and one or more commands;  
means for generating device-specific commands based on the received file; and  
means for forwarding the device-specific commands to the device agent at the specific pervasive device identified in the file received from the management server, said device agent executing the device specific commands as they are received" (in claims 17 and 20 - noting claim 20 states 'said device agent executing the device specific commands for execution after all are received')

6. These limitations of both claim 17 and 20 are not found in the prior art and are further considered non-obvious in view of the prior art.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
